

LIMIT WIREFLESS PLANT.

Smart Wireless unlocks your plant's true potential.

Finally, the promise of wireless is delivered. Built on the open, interoperable *WirelessHART*[™] and industrial Wi-Fi standards, Emerson Smart Wireless unlocks the insight you need to reach your plant's full potential. Shattering the physical, economic and technical barriers to the information you need, and giving your people the freedom to perform. From self-organizing field networks to wireless asset and people tracking, it's everything wireless has always promised. And more.

WirelessHART Discover your plant's limitless potential at EmersonSmartWireless.com
